

AGILE PROJECT MANAGEMENT

Achieve Your Organization Strategy
Through Adaptive Method

Experience the execution of agile project through real-life case studies with PMI-ACP® Success Guarantee

4 STEPS SUCCESS TO PMI-ACP®

FACE TO FACE COACHING:

2 days face to face training on Saturday and Sunday in a 5 star hotel in which you will be given a complete run down on Agile Project Management Framework. Engaging you in 2 live projects activity sessions which will enable you to understand and implement Agile concepts in your projects.

CUSTOMIZED ROADMAP:

You will be provided with a step-by-step road map for exam concepts with 2 sets of PMI-ACP® simulation.

PMI REGISTRATION PROCESS:

Don't worry about your experience sheet or your PMI form filling process. We will help to create your experience sheet which will reflect your Domain Areas – working hour distribution, helping you to clear your approval process.

TESTING SIMULATION:

We have developed a customized questions and answers for preparing PMI-ACP® exam and after completing your third step roadmap you will be invited to take exam in our lab, where you will experience Prometric testing environment, and importantly after successfully passing our simulation we guarantee that you will pass in PMI-ACP® exam.

Trainer Profile

Lead Trainer and Mentor Asad Ullah Chaudhry

PgMP, PMP®, ACP,
Scrum Master, Project+
Alumni - University of Oxford

Asad Ullah Chaudhry, an Oxford graduate, Masters from Stanford University, and a long term PgMP®, PMP®, and ACP® practitioner.

He currently runs a project-focused consultancy and training company, AUC (Pvt.) Ltd; an innovative com-

pany: coaching more than a score of organizations. He has also trained more than 10,000 project management professionals.

Asad possesses diversified experience in Strategic Management, Design Thinking, Portfolio Management, Change Management, Information Technology, Business Process Redesign, and Supply Chain Management. He has a particular and cherished association with strategy execution through project management.

Asad is working with organizations to align strategies with initiatives, Portfolio Management, Project and Program Management Office (PMO) Setup, Technology Evaluation, and Project Implementations. He has successfully worked on many initiatives, including: Setting up Portfolio Management Office in Pakistan Air Force, Implementing Project Management Office in Meezan Bank, ERP Project Implementation for Burque Corporation, ERP Project Planning and PMO Setup for Pakistan Army, Core Banking Project Implementation and PMO Setup for National Bank of Pakistan, PMO Setup for Jaffer Brothers, PMO setup for Kalsoft, and PMO Setup for Emmaculate.

As a facilitator, he has more than 300 international events, to his credit, in four continents, the Americas, Europe, Africa and Asia. He uses an innovative corporate case study based approach to transform organizational projects.

Globally, he has contributed to PMI's Standard for Portfolio Management and PMO Awareness, - which led to him being selected as one of the 25 global leaders for "Masters in Leadership Program".
