Why You Need to Attend:

This workshop is for senior management of an organization, who are responsible to lead their organizations in an uncertain and ambiguous environment. Leading change workshop is a blend of face-2-face and online learning experience. It will guide participants to assess their strategic choices and chart the future course of action by addressing roadblocks and navigating the power groups. Unlike traditional definition based and/or international case studies base events, workshop will provide a process to lead change in an organization.

How You will be Engaged:

STEP 1

Watch the preworkshop video and assess your organization dynamic environment.

STEP 2

Attend the workshop (i.e. Face-2-Face, Online, and/or On Demand). Compare your prework with workshop work.

STEP 3

Review the process. Identify the change areas. List down change structures needed. Present your solution in your organization.

STEP 4

Measure your success against the given criteria. Share your experience with AUC.

What You will Gain:

- Assessment of Change Roadblocks with VUCA Assessment
- Balancing of Strategic Initiatives with Current and Future Demands
- Utilization of Complexity Assessment framework with Power Network Assessment
- Analysis of Ambiguity in Objectives with Agile Framework to Proceed
- Uncertainty Management with Process to Execute Technology

Why with AUC:

- We are in a Business of Transformation
- We Teach What We Do
- We Provide Global Knowledge with Local Contexts
- We Prioritize Context Over Content
- We Will Challenge Your Assumptions
- We Will Create an Experiential Learning Environment
