PROGRAM MANAGEMENT
WITH PgMP®
EXAM PREPARATION

Practice Framework and Tools to Lead Initiatives that can transform the organization in a Digital World with PgMP® Success Guarantee

WHY

HOW

WHAT

WHAT YOU WILL LEARN?

In today's challenging economy, organizations need leaders who can navigate the uncertainty, and lead strategic initiatives to deliver benefits. Program management workshop is a distinctive merger of global research and examples of practical scenarios. Program management workshop will help you to achieve global certification with frameworks and tools to compete strategically and lead globally.

AUC
PARTNER IN TRANSFORMATION

ENGAGEMENT MODEL

CONTENT	Interactive and informative sessions based on cutting edge research with practical scenarios
CONTEXT	Collaborative coaching to help you identify relevant issues and applying content to your situation
COMPETENCE	Experience experiential learning to map the competency requirements in a given context

WORKSHOP BENEFITS

☑ **ADOPT**
Change Based on Environment

☑ **DELIVER**
Benefits with Sustainability

☑ **DESIGN**
Program as Temporary Organizations

☑ **ENGAGE**
Stakeholder Expectations

☑ **LEAD**
Program Performance

☑ **MAKE**
Decisions in an Ambiguous Situation

☑ **MANAGE**
Program Finances

☑ **MIGRATE**
Program Risks

☑ **NAVIGATE**
Program Complexities

PROGRAM MANAGEMENT
with **PgMP® EXAM PREPARATION**

EXPERT TRAINER
Asad Ullah Chaudhry
PgMP®, PMP®, ACP, Scrum Master,
Alumni - University of Oxford

COURSE OUTLINE

MODULE 1 **Analyze and Design Business Strategy**	**This session will cover** • **Discuss** Business Challenges • **Assess** Vision and Mission statements • **Document** Organization Strategy	This session will guide participants in evaluating the organization's growth needs. They will assess the alignment of the organization's vision and mission statements and engage in discussions on strategy and strategic frameworks. By the end of the session, participants will be able to design a clear and effective strategy statement.
MODULE 2 **Justify and Initiate Program**	**This session will cover** • **Categorize** Organization Initiatives • **Review** Program Business Case • **Document** Program Charter	This session will help participants understand the various components of a program and their types. They will learn to create program documentation aligned with the program life cycle and develop a well-structured program business case, including an appropriate financial framework.
MODULE 3 **Assess Stakeholders and Design Program Governance**	**This session will cover** • **Analyze** Stakeholders • **Design** Governance Structure • **Document** Communication Management Plan	This session will guide participants in identifying and defining program stakeholders. They will learn to analyze stakeholder interests and design effective engagement strategies. Additionally, participants will assess the need for program governance and document an appropriate governance structure to support successful program delivery.
MODULE 4 **Develop Program Roadmap**	**This session will cover** • **Develop** Program Roadmap • **Document** Program WBS • **Assess** Program Risks	This session will guide participants in aligning program benefits with the program roadmap. They will learn to develop a Program Work Breakdown Structure (WBS) to define the program scope and assess potential risks to ensure proactive and effective program delivery.
MODULE 5 **Lead Program Teams**	**This session will cover** • **Lead** Program Teams • **Lead** Cross-Functional Teams • **Lead** Third-Party Teams	This session guides participants in exploring leadership challenges within program environments. They will analyze program needs and identify the key competencies required to effectively lead program teams. Participants will also engage in practical scenarios to develop leadership skills for managing cross-functional and third-party teams during program delivery.
MODULE 6 **Manage and Deliver Program Benefits**	**This session will cover** • **Manage** Program Changes • **Manage** Program Performance • **Transition** and Sustain Program benefits	This session will guide participants in assessing program changes in relation to expected program benefits. They will review key performance indicators (KPIs) to monitor program performance and document sustainment plans to ensure a smooth transition and long-term realization of program benefits.

ABOUT

Asad Ullah Chaudhry is a distinguished Oxford graduate and holds a Master's from Stanford University. He is a seasoned practitioner of PgMP®, PMP®, and ACP® certifications and the founder of AUC (Pvt.) Ltd., a dynamic consultancy and training firm specializing in project-focused solutions. Through AUC, he has coached and consulted score of organizations, driving innovation and strategic excellence.

With a rich and diverse background, Asad brings deep expertise in Strategic Management, Portfolio Management, Change Management, Information Technology, Digital Transformation, and Innovation Management. His most profound passion lies in the field of Project Management, where he has made a significant impact.

Asad collaborates with organizations to align strategy with execution, focusing on Portfolio Management, PMO setup, technology evaluation, and project implementation. His successful initiatives include:

- PMO advisory for **Dubai Health Authority**
- Portfolio Management Office setup for the **Pakistan Air Force**
- Project Management Office implementation at **Meezan Bank**
- ERP Project Implementation for **Burque Corporation**
- ERP Project Planning and PMO Setup for the **Pakistan Army**
- Banking Project and PMO Setup for **National Bank of Pakistan**
- PMO Setup for **Kalsoft**, and **Emmaculate**

As a facilitator, Asad has conducted over **500 events** across four continents — the Americas, Europe, Africa, and Asia — training more than **25,000 individuals** in technology, project management, and entrepreneurship.

He is an active volunteer in promoting technology and innovation and currently serves as the President of the Sir Syed University Alumni Association (Regd.). He has also served on the Board of Directors of PMI Karachi Chapter, contributed to the PMI Standards for Portfolio and Program Management, and collaborated with Microsoft Pakistan on the *Imagine Cup Entrepreneurship Challenge.*
